

Darshil Pandya

Senior Product Manager

Atlanta, Georgia
darshil.s.pandya@gmail.com
linkedin.com/in/darshilspandya

Senior Product Manager with **7+ years of experience** spanning product management and technology risk consulting, including **4+ years leading AI-native enterprise SaaS** at IQVIA — scaling a clinical platform to **400K+ users across 60+ countries** in a highly regulated, multi-jurisdictional environment. Combines a Computer Science foundation with rigorous data-driven decision-making, cross-functional and executive stakeholder leadership, and a rare depth in payment infrastructure, cybersecurity, and regulatory compliance (HIPAA, GDPR, PCI-DSS, ISO) carried over from three years at Deloitte. Track record of taking products from 0-to-1 through global scale, and of using AI tooling to compress the ideation-to-delivery cycle.

CORE COMPETENCIES

| ▶ Regulatory Compliance
(HIPAA/GDPR/PCI-DSS/ISO) | ▶ Customer Discovery & Design
Thinking | ▶ Team Mentorship & Coaching |

PROFESSIONAL EXPERIENCE

Product Manager · IQVIA

Jun 2022 – Present

Atlanta, Georgia · Complete Consent (Clinical eConsent SaaS) & OCE Digital (Marketing SaaS)

PLATFORM & AI STRATEGY

- Own end-to-end product roadmap for **Complete Consent**, a mission-critical clinical SaaS platform supporting **400K+ users across 60+ countries**, 300+ studies, and 10,000+ clinical sites for top-10 pharma and biotech sponsors.
- Led end-to-end development of an **AI-powered ICF digitization engine** that automatically converts paper informed-consent documents into compliant digital formats, projected to cut turnaround time by **50%** and accelerate global trial startup timelines.
- Spearheaded design and go-to-market strategy for a live-video (telehealth) integration enabling decentralized clinical trials (DCT), balancing a high-touch patient experience with HIPAA/GDPR-grade encryption and multi-site compliance.

GROWTH, ANALYTICS & MONETIZATION — OCE DIGITAL

- Owned product strategy and roadmap for OCE Digital, a B2B multichannel marketing SaaS for pharma professionals; led **8 major launches** and 30+ iterative releases, driving **10% customer base expansion**.
- Built a product telemetry and analytics framework from scratch; used usage and friction signals to drive a full UI/UX redesign that lifted engagement **50%**, NPS by **13 points**, and feature adoption by **25%**.
- Executed a tiered-pricing GTM strategy achieving **18% year-one conversion**; orchestrated backend migration from Salesforce Marketing Cloud to Snowflake to improve processing speed and development velocity.
- Built the executive business case and MVP for a GPT-based translation/localization module projected to save **\$300K annually**; separately drove 0-to-1 definition of an AI-powered CRM Assistant that secured executive approval for full product-line integration.

LEADERSHIP

- Lead 2–3 global agile scrum teams on monthly release cycles; mentor an Associate Product Manager. Rated **"Exceeding Expectations"** in two consecutive annual performance cycles.

Product Management Intern · IQVIA

Jun 2021 – Aug 2021

New Jersey

- Conceptualized an AI-powered digital voice assistant for a B2B CRM platform — product vision, use cases, user stories, and Figma wireframes. MVP was approved by leadership and later developed into the shipped CRM Assistant product above.

Assistant Manager & Consultant, Cyber Risk · Deloitte

Jul 2017 – Oct 2020

Mumbai, India · Promoted from Consultant to Assistant Manager, 2020

- Assessed backend infrastructure and reviewed **30+ end-to-end payment flows** (including UPI) for major payment institutions, recommending security and process improvements without compromising latency.
- Independently conceived and built a **SWIFT payments assessment toolkit** and an Aadhaar-regulation compliance dashboard, expanding Deloitte's Financial Risk practice into the APAC region and securing **\$200K in new project wins**.
- Led large-scale data localization and vendor risk engagements for international banks: audited payment and digital wallet providers for RBI compliance, consolidated compliance data across hundreds of vendors, and delivered BI reporting via Qlik Sense — work that led to **\$100K–\$200K in new projects** and **130% payment on deliverables**.
- Performed full-spectrum information security reviews (access control, network, cloud, encryption, DLP) and source code reviews (Python, Java, SQL); trained analysts and consultants and presented risk findings to C-suite audiences.
- Won **3 awards** for managing high-pressure, client-focused engagements under tight deadlines.

EDUCATION

Master of Information Systems Management (MISM)

Jan 2021 – May 2022

Carnegie Mellon University — GPA 3.8, Summa Cum Laude
